

**SUMMARY**

Economist and analyst with 3+ years of experience. Experienced in mixed-methods research, and developing models and dashboards. Proven ability to diagnose challenges, design experiments, guide interventions and communicate findings for evidence-based decision making.

**EXPERIENCE****NITI Aayog**

New Delhi

*Young Professional*

Mar'24 - Present

- Co-developed quarterly trade analytics (Trade Watch) assessing sectoral performance and global market opportunities, supporting national export strategy through evidence-based statistical analysis. Ref FY'25: [Quarter I](#), [Quarter II](#), [Quarter III](#) & [Quarter IV](#).
- Conducted product-level analysis of applied and MFN tariff structures across key markets, benchmarking India's tariff exposure against major competitors to assess relative market access and competitiveness.
- Analysed U.S. tariff measures and trade policy actions and their sector-wise implications for Indian exports, identifying products vulnerable to higher duties and areas with potential trade diversion gains.
- Co-led the development of fiscal and macro-economic indicators ([Fiscal Health Index](#)), including data compilation, analysis and dissemination for monitoring state finances; findings were used in ministerial reviews.
- Designed, maintained and updated quantitative indicators for macro-economic forecasting under the Viksit Bharat 2047, including state-level data systems and methodological improvements.
- Conducted capacity building with state departments on interpretation and use of fiscal and trade indicators, including training on data collection, analytical methods and reporting for decision-making.
- Served within the Prime Minister's Office supporting analytical work on national economic priorities.
- Presented research findings from trade and macroeconomics to relevant Minister of State, Ministries and Councils.

**Leadership for Equity**

Andhra Pradesh

*Senior Analyst - Monitoring & Evaluation*

Jul'23 - Mar'24

- Strengthened program monitoring across 6 teams in 3 geographies; designed dashboards capturing teacher professional development metrics.
- Documented and systematizing M&E processes, methodologies, and results, publishing monthly and annual performance reports (MPRs/APRs).
- Developed FLN (Grades 1,3,5) and SEL (Grades 6–8) assessment tools; served as technical PoC for 20+ enumerators across 6 districts.
- Developed process indicators for Training of Trainers for the World Bank TEACH Tool across 3 states, driving evidence-informed pedagogy reforms at system level.
- Led a 6-month learning program for 30+ colleagues, improving data literacy and post-test scores as per the endline.
- Collaborated with J-PAL, World Bank, Samagra Shiksha, co-designing RCTs and standardizing program indicators (NPS, survey design).

**Leadership for Equity**

Andhra Pradesh/Maharashtra

*Analyst - Monitoring & Evaluation*

Jun'22 - Jun'23
